# HOW TO MEASURE

Men's and women's sizes

## A - CHEST/BUST

Measure around the fullest part of your chest/bust, keeping the measuring tape horizontal.

## B - WAIST

Measure around the narrowest part (typically the small of your back and where your body bends side to side), keeping the tape horizontal.

## C - HIPS

Measure around the fullest part of your hips, keeping the tape horizontal.

## D - INSEAM

Measure from the top of your inner leg along the inside seam to the bottom of your leg.

# HOW TO MEASURE

Glove size guide

## HOW TO PRINT

Ensure that the guide is not printed using your computer's "scale to fit" function. Print with the scale set to 100%, which will ensure the guide is printed to size. To test the results, place a ruler against 5cm test strip.

## HOW TO USE

This illustration should offer a close approximation of your size if you don't have a tape measure to hand. Align the bump on the outside of your left wrist, the end of the ulna bone, with the base of the diagram. Ensure the vertical line aligns with your little finger at the knuckle.
